# Student Feedback Action Taken Report

## 2023 -24

Following actions had taken and solutions suggested in the departmental meeting after discussion on the feedback obtained from students.

S.No	Particular	Action Taken
1.	Results of Test declared within two weeks of its being conducted.	More than 75% faculties had shown evaluated test copies to students and timely declared the result. Remaining 25% faculties, were strictly instructed to follow the same for coming semesters.
2.	Adequate number of Assignments/Cases given	More than 90% faculties gave Assignments of concerned subjects to the students. HOD advised them to incorporate more questions on Practical and Design oriented Problems. Also, to evaluate the Assignments on time.
3.	Would you Recommend him/her to teach same subject to your Juniors?	More than 80% students recommend that Faculty who is teaching them should repeat the same subject to their juniors. HOD advised faculty members to keep updated their subject knowledge through FDP's, attending Online courses by NPTEL/SWAYAM.
4.	Would you recommend him/her to teach you any other Subject?	More than 75% students wish that Faculty who taught the subject should repeat to teach in coming semesters also. HOD advised faculty members to behave harmoniously with students and motivate them to learn advance IT technologies.
5.	In your opinion is this Syllabus adequate?	On the basis of Feedback given by the students it was decided to make the teaching more practical oriented. Faculties asked to design knowledge imparting method in such a way that its goes beyond the traditional lecture method. Department was asked to add specialization courses according to need of future industries.

**Other than above, following points were also incorporated for enhancing the Teaching-Learning process.**

1. It was decided to invite the Subject Experts to share their knowledge among faculties and students. Interaction with resource persons shall provide motivation for the higher studies and acceptance of future challenges at job place.
2. Ensure availability of E-books, books in the library. Additional requirement was asked from faculty members for newly introduced subjects and, approved list from department head was sent to the Library Committee for purchase.

3. Students encouraged to participate in various Club activities, technical & nontechnical, to improve the communication skill and cultivate the Leadership quality in them.
4. Students encouraged to write and publish research papers based on the project work.
5. It was decided to increase field visit activities for imparting more industry exposure to students.
